## STARS DELEGATION REQUEST

---

### **BACKGROUND:**

STARS staff visited Council on November 12 to provide a yearly update on their activities both in the region and throughout their jurisdiction. STARS runs approximately 9 missions a year to Claresholm.

In 2022, Council approved a three-year sponsorship (2023-2025) to provide STARS with annual funding of \$7608 (\$2 per capita). STARS has requested that Council provide a standing motion for a fixed rate of \$7,750 in annual funding, which would commence in 2026.

### **OPTIONS:**

Council can approve the request as presented, approve another 3-year funding scheme (2026-2028), reduce or increase the requested amount, or not decide at this time and revisit at budget season next year.

If Council approved a standing motion, it could still review or amend the funding every year during budget deliberations.

**PROPOSED MOTION:** Moved by Councillor \_\_\_\_\_ to approve yearly funding of \$7,750 to Shock Trauma Air Rescue Service, commencing in 2026.
