

Town of Claresholm

Council Committee Report

Date: December 9, 2024

<p>Mayor Schlossberger</p>	<p>Nov.20 Golf Club Board. Meeting went well. Agreed to have CAO and Club Pro meet to iron out lease agreement.</p> <p>Nov. 21 Oldman Watershed Commission. GOA doing all sorts of engagement on water right now. Also commissioning an array of studies and projects on water. Also doing engagement meetings on changing/updating the South Saskatchewan Regional Plan. Very important as this is the basis for land use in our region. We will see where this goes. We are watching this closely and participating where we can. OWC is politically neutral.</p> <p>Nov.21 FIPC and Audit & Finance. Good progress made on budget decisions. Lots of discussion.</p> <p>Nov.26 Library meeting. Good meeting. Did our organization meeting. All stayed the same. Financials are in good shape. Spent some money on books last month. Pink Tea was very well done. 42 people attended the Pink Tea. Ghost Busters was ok. 80 people took in that event. Marianne’s Arm Chair Travel was very well done with 34 people taking in that event. Very well done. A lot of very interesting information and pictures. Hong Kong has more green space than Edmonton & Calgary combined. I have been appointed to the Chinook Arch Board.</p> <p>Nov.26 Hall Board Meeting. Abe attended this meeting. Discussion about lease went very well. Board will go through lease at our next meeting. Renovations on the north hall kitchen are complete. Done with a grant from Community Futures South West. Over head projector installed in north hall. Furnace in gun range may soon need replaced. Furnace in north hall is making funny noises. We will keep an eye on it. Will be doing a Xmas supper. Every one pays for their own supper. As always we are trying hold our own finances.</p> <p>Nov.27 Attended Agri Food Expo. Great speakers. A couple interesting booths. But not well attended. One speaker was explaining how 51% of grocery items in the grocery store are reduced in price or have a rewards program attached. Surprised by the attendance though.</p> <p>Nov.27 Attended a teams meeting with the consultant hired by the province to help REDA’s find alternative funding. Very interesting conversation. She</p>

Town of Claresholm

	<p>asked if our local chamber of commerce's could help with funding. I said our Chambers are run by volunteers and can barely fund themselves!! Told her our communities do not have high powered Chambers like Toronto, Calgary and Edmonton. Then asked me if Community Futures could help financially. I said no. They have little funding and less personal. It is clear to me this consultation process is not going to go well.</p> <p>Nov. 27 Attended our second FIPC and Audit & Finance meeting. Went well. New information.</p> <p>Nov. 27 Agri Food Innovation and Expo. Very high level academic speakers and information. Not well attended either. Not to informative for us.</p> <p>Dec.3 I was invited to join the WMES school council group. Informative meeting. A little less congestion at school during drop off and pick up times because of more children riding the bus. Livingston School Division moving to make criminal checks mandatory for next election. Some concern about the buses in urban areas with people passing buses when stopped with stop signs out. This will result in a large fine. The division has 563 new students riding the buses.</p>
<p>Councillor Carlson</p>	
<p>Councillor Cutler</p>	
<p>Councillor Kettles</p>	
<p>Councillor Meister</p>	
<p>Councillor Ross</p>
