

REQUEST FOR DIRECTION

Meeting: May 26th, 2025

Recreation Needs Assessment Survey

DESCRIPTION:

The Town of Claresholm is overdue for an updated Recreation master plan. The recreation Master Plan will help determine where the recreation priorities are for residents, and what that will look like for the next 5 years.

Administration requires feedback from the community, surrounding communities and those who live rurally within the MD of Willow Creek to ensure priorities are identified within Claresholm. Administration has contacted MD staff, who will share this engagement opportunity with its residents who live the recreation area surrounding Claresholm. The MD and Town collaborate on various services, including recreation.

BACKGROUND:

Recreation has developed a Needs Assessment and requires feedback from Council to be sure questions are relevant, and thorough. Administration would like to have an updated Master Plan in place by fall 2025.

DISCUSSION/OPTIONS:

Recreation requests Council feedback on the Survey. Link is below.
