**Council Committee Report**

**Date: October 14, 2025**

<p><b>Mayor Schlossberger</b></p>	<p>Sept 29. ORRSC hiring committee. Meet &amp; greet with executive and staff with our new CAO hire. Went very well. Staff were impressed.</p> <p>Sept 30. Hallboard. Decided to use a donation we received to buy new chairs. Fold out cushioned chairs, at a cost of \$25000.00. Getting quotes on both repainting the exterior or using Forma Steel siding.</p> <p>Oct 1. Waste to Energy presentation at the MD. Very impressive presentation. Some mistrust from some members. Cost 15 to 18 million. But they said they could fund themselves if they have to. I proposed we would provide the land and feedstock for their machine. We proposed a 2 year pilot project. I want to see how well it works and what kind of return it produces. It produces diesel and graphite. No emissions.</p> <p>Oct 1. Alberta SW general meeting. Went well. Good attendance.</p> <p>Oct 4. Coffee with council. 4 attendees. Talked about high speed internet, how and when. Pine Place lots. Future development plans. Do we have them. Yes we do. Stop light at the Shell corner. Yard waste area discussion.</p> <p>Oct 6. Alberta SW hiring committee. Interviews for a Director of Investment for Alberta SW communities. Bev got a NRED grant to hire this person. A 2 year contract position with a possibility of adding another year or two. Prairies Can said they could possibly provide funding. We had 10 applicants. We interviewed 4. VERY qualified people!!</p> <p>Oct 8. Excellence in Manufacturing webinar. Talking about shortfalls in manufacturing in Alberta. Workforce number 1 problem. Supply chain second. And red tape third.</p>
