

Can you please ask if social center can provide a letter too and the Pentecostal church.

Thanks

Subject: letter of support

Hello Roan,

Can you please help us secure a letter of support ASAP from the Mayor of Claresholm regarding the grant that we are applying from the province. It's called RISIP: Rural Immigrant Seniors Integration Project.

Rural Immigrant Seniors Integration Project will provide culturally responsive, senior-led programming in Claresholm and Brooks to promote rural immigrant seniors' overall wellbeing and sense of belonging through increased community connection and social inclusion. This project will address the intersecting vulnerabilities faced by older adults from immigrant backgrounds who are living in smaller communities in southern Alberta. Leveraging local partnerships, participants will be provided with tailored education and recreation sessions, opportunities for social connections with peers and community members, and supported referrals to other organizations.

This is the description of the project, and would like to have a letter for support from Claresholm.

I would appreciate if you can produce the letter on or before Friday. Sorry for the short notice.

Very much appreciated,

Ate Sherrisa
