

INFORMATION BRIEF

Meeting: January 26, 2026

Hypha Farms Open House

DESCRIPTION:

Hypha Farms Open House

Jen from Hypha Farms has invited Town of Claresholm staff and Council to attend a private open house and tour prior to their soft opening.

Wednesday, January 28
2:00 PM
Former Weed Plant Location

This staff and Council-only tour will provide an opportunity to view the greenhouse operation and learn more about Hypha Farms' exciting expansion. Hypha Farms is a mushroom production facility that is now expanding to include a connected retail storefront.

The upcoming retail space will focus on organic products, including locally sourced meats and vegetables, with an emphasis on homegrown, fresh, and sustainable offerings. This new venture represents a positive and unique addition to Claresholm's local food and business landscape.

Public Soft Opening

The retail store will open to the public on Thursday, January 29, with timing details to be shared late this week. A grand opening is also planned for a future date.

Hypha Farms has shared several exciting ideas around growth, expansion, and community involvement, and their presence will be a wonderful asset to the town.

Staff and Council attendance at the January 28 tour is encouraged as a show of support for this new and growing local business.
