**Subject:** Alberta Health – municipal representatives on regional advisory councils

Dear Abe Tinney,

We are reaching out from Alberta Health, Advisory Councils Secretariat, to seek interest from municipally elected leaders in your community to join a regional advisory council.

The new regional advisory councils aim to better reflect local voices, bring forward local priorities and provide input on how to improve the health care system. As part of the work to refocus the health care system, council members will advise government and the new primary care, acute care, continuing care, and mental health and addiction provincial health agencies on clinical service planning, capital planning and workforce planning.

Municipal representatives are connected to the communities they serve and understand their local health needs. As the Chief Administrative Officer of Claresholm, we are hoping you would share this opportunity with your mayor and councillors.

Interested municipal representatives can send their information to the Advisory Councils Secretariat at [health.rac@gov.ab.ca](mailto:health.rac@gov.ab.ca) by October 11. Please have them include their name, address and a resume or a short biography. More information about the advisory council's role is available at <https://www.alberta.ca/advisory-councils-health>. If you have any questions, you can reach us at 780-217-5713 or through email.

The council will meet virtually and in-person four to six times a year. There are other expectations, including involvement in community engagement.

Thank you for your help as we work together to build a strong health system that is responsive to the needs of Albertans.

Sincerely,

Advisory Councils Secretariat
