Good morning,

On behalf of the Stakeholder Relations Team, I hope everyone has had a great summer! As we transition into September, we recognize that many of you are starting the budget deliberation process. As part of this process, it is also time to consider franchise fee revenues and potential changes to the franchise fee percentage. Attached is the annual franchise fee calculator to assist with these determinations.

The franchise fee calculator provides an estimate of potential franchise fee revenues for 2025. Actual revenues will depend on final approved electricity rates from the Alberta Utilities Commission, customer numbers, consumption, weather, and many other factors. In addition, you may also want to look at historical trends to estimate potential revenues.

Please review the attached "Electric Distribution Franchise Fee Percentages for 2025" for information on franchise fee changes. If you need any assistance, feel free to contact your Stakeholder Relations Manager for additional direction.

We lead by example, innovate with purpose, and champion sustainable change so we can power the future Albertans deserve, together.
